RE: In Appreciation of your contribution

Vinod [vinod@inurture.co.in]

Sent: Thu 8/24/2017 3:51 PM

To: 'Vasu SIR'

Cc: 'easwaran iyer'; 'R Lakshminarayanan'; 'Ashwin Ajilla'

Thank you very much for your kind words and acknowledgement, sir. Actually, all those FDPs/MDPs/Workshops/Conferences were engineered perfectly because of your foresightedness and thought leadership! It was a perfect ensemble of Conceptual Understanding and Demonstration of Technical Skills. Moreover, not only me, but entire I Nurture team enjoy working with you because of your passionate leadership and a strong desire of positioning the university with remarkable academic edge.

Sir, it goes without saying that as a knowledge worker, I used to achieve tremendous satisfaction and happiness while doing such high end academic projects under your fabulous leadership and eagerly looking forward for such class assignments.

With Warm Regards,

Dr Vinod

Dear Dr. Vinod,

We place on record our heartfelt gratitude for your continuous efforts in designing the National Level FDP programs – 'Data Analysis through SPSS', in house FDPs on the same subject and FDPs on Excel for faculty members repeatedly. The recent National Level MDP on 'Business Analytics with R and Python' was well received by faculty members and working professionals from the industry alike and has left us with positive enquires.

The ideas nurtured, guidance offered, papers reviewed during all the conferences, working as session chair during the conferences and the sessions conducted for teaching and learning communities - all have made a difference. Thank you for all the above and many more activities such as guiding faculty members through data analysis of their research work (Dr. Madhavi R, Ms. Smita S K, etc.), guest lectures for PG Commerce students, etc.

The new ideas designed include National Level MDP/FDPs on 'Data Visualization and Spreadsheet Modeling', MDP on 'Business Analytics with Python', etc. which will undoubtedly be the new feathers in the cap adorning the work of the University.

Research activities define a University's quality of work and all the above have contributed positively. We wish many more such successful programs and laurels to you in the years to come.

Regards,

Dr. B A Vasu

Center Head

School of Commerce-JU

Ph: +91-80-46501728/739

*"If a child
can't learn
the way we teach,
maybe we
should
teach the
way they learn."*

~ Ignacio Estrada

NEVER STOP
LEARNING,
BECAUSE LIFE
NEVER STOPS
TEACHING

QuotesIdeas.com

"Leadership
and learning
are indispensable
to each other."

John F. Kennedy

"If your actions
inspire others
to dream more,
learn more, do
more and become
more, you are
a leader."

John Quincy Adams

The screenshot shows a web browser window with the URL <https://www.zamzar.com/convert/pdf-to-txt/>. The page features the Zamzar logo and navigation links: DEVELOPER API, MY FILES, FORMATS, PRICING, HELP, LOGIN, and SIGNUP. A large blue banner at the top reads "PDF to TXT". Below the banner, a text block states: "Convert PDF to TXT - online and free - this page also contains information on the PDF and TXT file extensions." To the right, a box titled "HOW TO CONVERT A PDF TO A TXT FILE?" lists three steps: 1. Choose the PDF file that you want to convert. 2. Select TXT as the the format you want to convert your PDF file to. 3. Click "Convert" to convert your PDF file. Below this, a "Zamzar Pro Tip" suggests using the Preview application on a Mac. The main conversion area is a large white box with three numbered steps: 1. "Add Files..." with a green button and the text "Drag & drop files, or [select link](#)". 2. A dropdown menu showing "txt" with the text "Or choose a different format". 3. A "Convert Now" button with the text "(And agree to our [Terms](#))" and a checkbox for "Email when done?". The Windows taskbar at the bottom shows the date and time as 09:23 on 23-06-2019.
